

Since our last update Isaac was able to make a trip to Gambia where he has identified five key persons of peace that are doing very well learning the Discipleship tools. In a country that is 90% muslim that is very exciting.

From there he traveled to Guinea and met with Peter, our on the ground leader along with Augustine and Kassim from Sierra Leone who have been training Peter. They also met with Yancy along with 4 teams of people Yancy is working with. Yancy is a Pioneer Bible Translation person translating the Bible into the language of our target tribe.

Yancy's teams were very excited to see the progress that had been made among our target tribe. They were excited to see the extraordinary prayer of Isaac's team and were challenged to focus much more on prayer in their work. They were underestimating the spiritual battle it is to experience a breakthrough in working with the unreached. They saw God faithfully answering prayers to seek and find people of peace. They watched as the guys talked about and demonstrated the need to create a prayer walking culture. Those that had been ministering to our target tribe and other unreached tribes for 28 years had never seen such fruit until seeing this approach. The new chief's son has been baptized and the former chief's son has been baptized.

We have been working with Augustine via Zoom to purchase memory card readers and memory cards to take along and train Peter how to burn memory cards with what Bible resources are in audio/video format for the target tribe. Also we have been working with Augustine to coordinate with Yancy, whenever new translation work is done, to identify a native speaker and use their phones to record it and put it on the memory cards so our target tribe will have access to the Bible in their mother-tongue as it is completed. There is a high percentage of people who cannot read in the villages.

As I write Isaac is in Nairobi, Kenya meeting with a team of Disciple Making Movement (DMM) practitioners I have been coaching and you helped send to the Global DMM Catalyst Camp. Please pray for them by name. Pray that they will come together as a team to work with Isaac and also pray that they will be

inspired by many other DMMers from all over Africa in attendance. In the picture they are from left to right.

Terry's Health Update - Terry has been approved for knee surgery on July 11th. He is meeting with a physical therapist twice a week leading up to surgery to

strengthen his knee for surgery which will help with the healing process after surgery.

Jonathan (son) and Emily (daughter-in-law) have purchased a house in Hollister, CA and asked us to move in with them. It is a ranch and we have the front living room, bedroom and bathroom. Our rent will help them with their monthly payment. The RV is cleaned out and we are in the process of getting it ready to sell.

There is much answered prayer to praise God about as well as many things to pray about. Thank you for helping make all of this possible.

May God be glorified!

Terry and Amy
