

## **AFRICA BUSH FIRES 🔥 IN MALAWI**

Movement started in Malawi, with 143 groups or simple churches.

### **HOW IT STARTED:**

March 2019, brothers Leo Gaviao and Moses Chipapa from Zimbabwe, were trained in DMM in Buipe, Ghana. Upon their return, the Lord led Moses to Malawi to ignite a Movement. He left immediately with Leo and another brother in a team. They found a Malawian brother Samuel who was dissatisfied with the status-quo and had been looking for knowledge of a better way and the first step. They trained him in DMM and left. Samuel became a super spreader but Moses never went back.

### **INCOMPLETE OBEDIENCE:**

During my visit to Zimbabwe last June, we were praying for Moses and his family. There was a word from the Lord to me to be shared with Moses. And the word was that he had not made a complete obedience. The Lord said He sent him to nurture relationships and disciple people for Him in Malawi which he started, but quickly slid away from the mission. The brother Moses, after a time of reflection got himself prepared and left for Malawi only to discover that the young man Samuel that the Lord led them to has ignited a Movement with 143 groups.

They had a challenge of transportation to rural communities to visit and encourage the groups. We from Ghana sent him \$150 to rent a motorbike to take them to the rural communities.

These are some pictures and videos of the disciples: These are Moslem communities in Malawi and he is reaching to Mozambique and having groups already.

## **THE GAMBIA**

*August 2024*

Some pictures of our leaders meeting that was held in Fula Kunda, one of the towns in the Gambia. It was a successful meeting packed with prayer for the unreached peoples. We had day time meetings

and night time prayers from 12 midnight till 4am. Over & over they encountered people struggling with multiple demons speaking from inside them oppressing them finding deliverance from prayer.

We also bought the motor bike for Yankuba Jawo, the leader of the network in the Gambia. He is the one sitting at the back of the bike in the picture. This is such a blessing, an answer to prayer because of all the walking he has been doing.

Yakubu is passionate about reaching the Jula people. He is walking, begging a lift to go from place to place sharing the Gospel. Isaac met his parents who have given their lives to Christ as well. His mother expressed that there was something unusual about Yakubu as a young child, she saw something special in him. Now he is having generational growth of groups to the fourth generation.

He is raising up 'Timothys'. He has caught the concept that large group gatherings are not good, but only bring persecution. Hearts have been captured through small group gatherings, churches through persona of peace. There is one man who is a person of peace who opens his home. He cooks for the groups, he opens his house for them to sleep and even gets tents set up if the need arises for people to sleep. Isaac told him about Matthew 10 & Luke 10. "This is you. You are that person of peace these scriptures are talking about."

Isaac met a border control officer at the airport. He asked Isaac if he was a Muslim or a Christian. Isaac said he is neither, but that he is a disciple of Isa al-masih. He said, "I want to know more about that." It is about having a relationship with God and relationship with man.

Isaac met a couple on the plane, Gambians, who work with the United Nations in medical research. They are very interested in the TTT training and want to work with them.
