- TTT (Teach To Transform) - Has helped train key Disciple Making Movement (DMMs) with our leaders in Ghana, Nigeria, & Sierra Leone. This gives DMMers open doors into remote villages where no medical help is available. They train our leaders in well-baby care, delivering of babies, blood pressure, etc. Then they use the African leaders to assist in future training in other countries where we have DMMs going.
- Veterinary training - Dr. Allen Wachter who has offered online training to Bobby, Mandy and Isaac on how to care for fowl, goats/sheep, cattle and pigs so far. He has also connected us with Christian Veterinary organizations in Ghana that are going to help further with on-site visits and demonstrations.
- Fidelis - Masters in Catalytic Leadership for key movement leaders who can read in English
  - Isaac - the leader that oversees catalyzing movements in Ghana and eight other countries.
  - Some of the DMM leaders in Nigeria, Sierra Leone have also now completed the 65-week course. She is currently leading two additional African cohorts a week.
- Zume Coaching
  - Praise God that Amy helps vet all of those who express an interest in being coached through the Zume process - <https://zume.training>
  - Praise God for those Amy is coaching
  - Praise God for the 100 Africans that Terry is coaching on a monthly basis and the 20+ Terry is coaching on a weekly basis
  - Praise God for those that are multiplying disciples and Terry is able to connect with Isaac as well as other DMM practitioners in their area that can encourage and model how to do it.
- Tamale Studio
  - Praise God Moses and Emmanuel are doing very well continuing to record new translated scriptures and other Bible resources into mother-tongue languages that we can put on the phones of villagers who cannot read, giving them access to the scripture for the first time.
  - Praise God they are pretty much self-sustainable financially now because of a very busy schedule
  - Praise God that Emmanuel wasn't killed in a recent serious auto wreck. The vehicle he was traveling in was hit by a tanker truck. He is home recovering from skin grafts.
- Stable Internet - Recently Emmanuel from the studio organized getting Starlink installed at the studio, Isaac's house and Bobby and Mandy's house. For the first time in 16 years, they have stable internet except when it rains really hard and interferes with the satellite signal.
- DMMs in the US

- God has connected us to a new church plant five minutes from where we live and they are letting us introduce 3/3rds Discovery Groups and soon let us teach the Zume discipleship tools with new converts.
  - We have been enjoying a weekly ELife, online DMM group who has held us accountable to weekly prayer walking, praying for people with the BLESS prayer, presenting the [gospel](#), getting their phone number and texting them Bible [stories](#) that help us live in a broken world.
- Personal
    - We love being involved in our grandchildren's lives.
    - I have healed from the two knee replacement surgeries
    - Diabetes is under control with my Libre 3 sensor

## Requests

- African DMM fires
  - Please pray for open doors to new countries, people of peace to work with and funding to continue spreading to other countries
  - Please pray for people of peace and emerging DMM leaders in each new country
    - Health and protection in the midst of persecution
    - Wisdom in finding sustainable methods of disciple making
  - Please pray for financial support needed to go and come to establish these movements in new countries
  - Please pray for more strategic partners to make this happen
    - TTT (Teach to Transform)
    - Big Life
    - Veterinary training - It helps very poor DMM leaders with sustainable means of food and income
